ABOUT OUR COMPANY

Nan Yun was founded in 1950, started as exporter, importer and wholesaler of sporting goods in Taiwan.

In 1968, Nan Yun established factory and started various sporting goods manufacture, design, and development. It includes Badminton, Track & Field and Baseball product lines.

In 1988, Nan Yun extended the product line to Training Aids and put more efforts at research & design.

In 2000, we notice the rehab tools can help athletes to improve the performance and prevent injuries, so we open a new product line specialized in sports massage.

With over 40 years of professional experience in design, development, and producing sporting goods, we earned a reputation in offering innovative products with reliable quality, competitive prices & punctual delivery and great customer service.

R&D GROUP

Jex Sports' strategy emphasizes excellence in consumer-centric brand experience and product creation. Through continuous research and development, Jex Sports seeks to develop new and better sporting goods, services and experiences that appeal to both consumers and trade customers.

TRACK & FIELD STARTING BLOCK

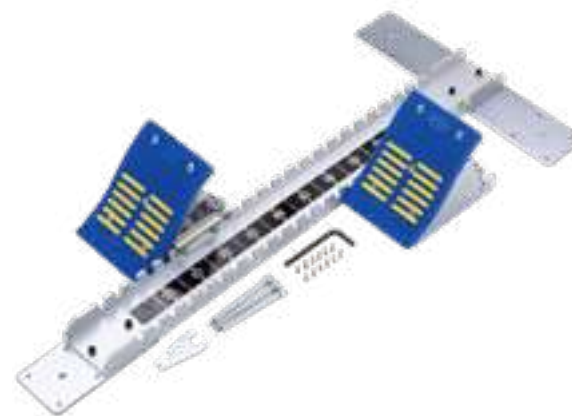

Track and field is a sport which includes athletic contests established on the skills of running, jumping, and throwing.[1] The name is derived from where the sport takes place, a running track and a grass field for the throwing and some of the jumping events. Track and field is categorized under the umbrella sport of athletics, which also includes road running, cross country running, and racewalking

- JEX has been the golden supplier of Top 5 T&F brands around the world
- JEX was selected to be the 2017 Universiade T&F supplier

LEISURE&PHYSICAL

For children and teens to grow up healthy, it's important using the right and creative goods for physically active and eat healthy foods every day.

To help children develop habits that will last a lifetime, an active, healthy lifestyle must start early in life. Physical activity has benefits at every age, and helps kids:

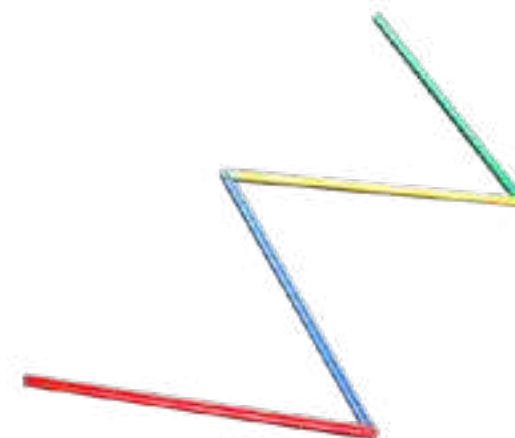

- be creative
- keep their heart and lungs strong and healthy,
- become more flexible,
- develop strong bones,
- keep a healthy body weight,
- lower the risk of several diseases and health problems,
- improve their mood and self-esteem, and
- do better in school.

REHAB

Looking to perform better at your sport and stay injury-free? Want to recover faster from training and ward off muscle fatigue? If so, sports massage tool can help!

Sports massage has physical, mental, and emotional benefits. It not only supports muscle repair and decreases injury risk but also improves circulation and wards off stress. It's a great way to relieve mental tension and relax after a hard workout. A good massage can restore mobility to injured muscle tissue and reduce fatigue. This allows you to work out harder and more efficiently.

JS-16

JEX KNOT-OUT® 5" massage ball provides the relief of a massage therapist, with the convenience of an in-home massage. The innovative groove pattern is excellent for deep tissue therapy, the soft TPR surface and firm interior offers an excellent alternative to traditional foam rollers and foam massage balls. The JEX KNOT-OUT 5" massage ball is great size to easily fit in a backpack, making it a great travel companion, as it can be used anywhere, anytime. Perfect for use after a workout, during travel, after long flights, or before bedtime to prevent knots and treat soreness.
PATENT PENDING

**1.Leg**

Place the massage ball on above area-slowly move the body forward and backward,or apply sustained pressure to a particular spot for 1 minute.

**2.Muscle of the thigh**

Place the massage ball on above area-slowly move the body forward and backward,or apply sustained pressure to a particular spot for 1 minute.

**3.Lower Back Muscle**

Place the massage ball on above area-slowly move the body forward and backward,or apply sustained pressure to a particular spot for 1 minute.

**4.Upper Back Muscle**

Place the massage ball on above area-slowly move the body forward and backward,or apply sustained pressure to a particular spot for 1 minute.

**JS-45/JS-58/JS-MG58**

As the instructions, the Jex® Soft® body massage roller allows you to reach all muscle groups of the body: arms, head, neck, waist, shoulders, back, legs, feet, etc. You can move with gentle pressure using to and fro motion for 20 passes by yourself or ask for someone's help.
After sports activity, massage

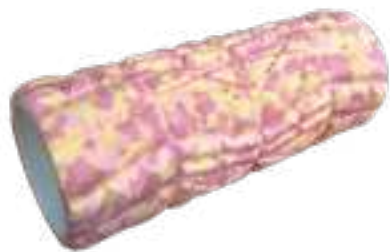

**JS-15**

The firm interior&soft exterior design is based on the feel massage by human elbow. 3D surface contact allows deep tissue massage,while providing blood&lymphatic circulation. Non-slippery exterior for better grip and body contact. Compact,easy to use,travel friendly. PATENT PENDING
